

IN MEMORY:

Sea Point CID officers planted a tree in memory of fellow officer and mobile driver Pindile Gxokonyeka, who passed away suddenly in February after a short illness. Gxokonyeka was a member of the Sea Point CID from 2011 after being transferred from the Observatory CID and was known for his jovial spirit, work ethic and boisterous support of the Kaiser Chiefs

team. Heather Tager, Sea Point CID chief operations officer, says that he will be missed for his passion and commitment, not only to the CID but to his fellow colleagues. "As this tree grows it will always serve as a continuous reminder of our colleague who is sorely missed."
